and notify the Deputy
Registrar of any significant
changes in January.

RENEWAL FEATURES

Save your progress and
return later.

Download your registration
certificate after renewal is
completed and approved.

Add CEEs throughout the
year.

Access your online receipts
after approval.

Planning to change from non-practising to practising?

Do not wait until December 1 to submit your renewal.

If you are requesting a change to your registration category from non-practising to practising, and any additional documentation is required after your application has been submitted, your request may not meet the December 1 deadline. If outstanding items are not received by December 1, a late fee will apply.

We strongly recommend submitting your renewal early to
allow time to resolve any outstanding requirements.
